**DIRECT TUBE BASED FIRE
SUPPRESSION SYSTEM**

About Us

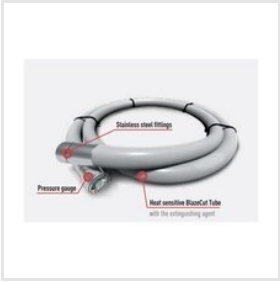

Since the year 2013, we, Asha Enterprise, have been engineering an innovative range of Fire Retardant Products, Beam Detectors, Heat Sensing Tube, Fire Fighting Foams, etc. We exhibit unmatched excellence in offering Fire Safety system & Electronics Security system to cater to specialized needs of industry verticals like pharma, banking, automobile, mining, hospitality and others. Our business growth is stimulated by the way we stay flexible and employ our extensive knowledge to meet the needs for quality products of these aforesaid sectors with unrivalled professionalism. Our excellence is in offering products that serve as Import Substitutes. We also have calibre in building customized solutions that rank high on quality, reliability and functionality with the entire range meeting the specifications of Regulatory Authorities of the Government of India.

Apart from being a manufacturer, wholesaler and trader, our line of Clean Agent Gases, Equipment and Systems have led us to gaining prominence as a qualified supplier of FM 200, HFC 227ea, NOVAC 1230, HFC 236fa, HFC 123, HFC 125 and FK-5-1-12. We also proudly offer Aerosol Base Fire Suppression 50+ International standard Certified brand. Mr. Suhas Manve, our mentor, armed with insightful knowledge of the industry have always helped us handle various small to large scale projects successfully and satisfy a large base of customers from all across the domestic market. Under his aegis, we have not only been supplying Fire Safety system & Electronics Security system featuring optimum efficiency, reliability, and affordability, but also rendering professional Gas Refilling Services and Fire Extinguisher Maintenance Services as a service provider.
